RIBBONS WITH SUPERIOR PERFORMANCE

Ribbons, Ink rollers, Spools and Cartridges

We offer the highest quality and a very complete selection of ribbons, ink rollers, spools and cartridges for virtually every major POS/cash register manufacturer's equipment. What makes these ribbon products so outstanding? An unsurpassed combination of materials, inks and production techniques.

Many of these ribbons employ a special twisted weave, and others have a nylon loop for superior ink retention rather than the fabrics used in other products. This results in longer life and darker, clearer printing. Cartridges are molded from new ABS plastic which gives far greater reliability than cartridges produced from recycled plastics. And premium inks are custom formulated for superior saturation and lubrication. Coupled with a unique foam gearing, these ribbons assure more evenly spread ink and virtually jam-free performance.

But, top-quality materials are only part of the story. For example, these ribbons undergo many **different production inspections**, so you can be sure of consistent ribbon quality. These ribbons are tested on the same equipment for which the ribbon is designed. And we guarantee the ribbon cartridges to meet or exceed OEM specifications. If you're not totally satisfied with the performance of these ribbons, just return them. We'll gladly replace them to your satisfaction.

Competitively Priced

How much more do all these extras and high-quality assurance level cost? Absolutely nothing! Our Ribbon, Ink Roller, Spool and Cartridge offerings are competitively priced. We believe the ribbon quality standards will provide readily realizable savings. And, this pays off in your satisfaction, order after order.

Available Products

- **Cash Register/POS Ribbons and Cartridges**
- **Calculator Ribbons, Spools and Ink Rollers**
- **Word processing Ribbons**
- **ATM and Financial Ribbons**

Complete Service for Complete Satisfaction

We provide our customers outstanding service, both before and after the sale. We don't just take your order. We'll start by helping you select the product that will best meet your specific requirements in the most economical quantities for your operation. We'll thoroughly answer any questions you may have. And we want you to be completely satisfied with the product you've purchased and the way it performs in your equipment. Let us know how these products perform—and if something's wrong, we'll fix it. You have our word on it!

Contact Us!

Why not take advantage of the money-saving and performance-improving benefits of the enclosed Ribbons, Ink Rollers, Spools and Cartridges for your operation. Write, call or fax us. We're ready to help.
